Westfield Savings Local Branch Receives Enthusiastic Response

Westfield Savings Bank has opened its handsome new office at 655 Main St., Agawam, and President Arthur W. Knapp reports that residents of the area have responded to the modern new facility with enthusiasm.

Thomas J. Howard, Jr., is officer in charge of the Agawam Office, which is located on a two-acre site. The colonial brick building features generous parking space, and the rear of the building has been attractively landscaped.

The colonial decor is carried out throughout the interior of the office.

One of the most striking features is a patterned colonial rug, and other decorative features that have caught the attention of bank patrons are a beautiful grandfather's clock in the lobby, and the gold crushed velvet drapes. Two chandeliers complement the lighting that is part of the decor.

As part of the opening of the new office Westfield Savings Bank is conducting a new account promotion, with those opening new savings accounts in the amount of \$25 or more taking their choice

of a blanket in a variety of colors; a handsome car robe, for picnic, beach or camping; a six-piece steak knife with block.

Those visiting the new office also are registering for three cash prizes: a first prize of \$250, a second prize of \$100 and a third prize of \$50. The drawing will be held on July 12.

Loyal Order Of Moose Agawam Lodge No. 1935

In last week's issue the name of Samuel Smith was omitted—Sorry, Sam was the chairman of the Chicken and Spaghetti supper which everyone enjoyed so much... As Ann Landers would say—20 lashes with a wet noodle for me.

Injured seriously while on their vacation were Mr. and Mrs. Louis Robert. Karen is still confined to the Broward General Hospital at Fort Lauderdale, Florida, cards may be sent to that address. Mr. Robert, 2 year trustee of the Moose will remain with her until she is able to travel. More information about them may be had by calling Secretary Bill Mitchell, Walnut St., Agawam.

For all the Moose who try to live as brothers this old English prayer.

A Prayer

Give us, Lord, a bit O'sun,
A bit o' work and a bit o' fun,
Give us in all the struggle and

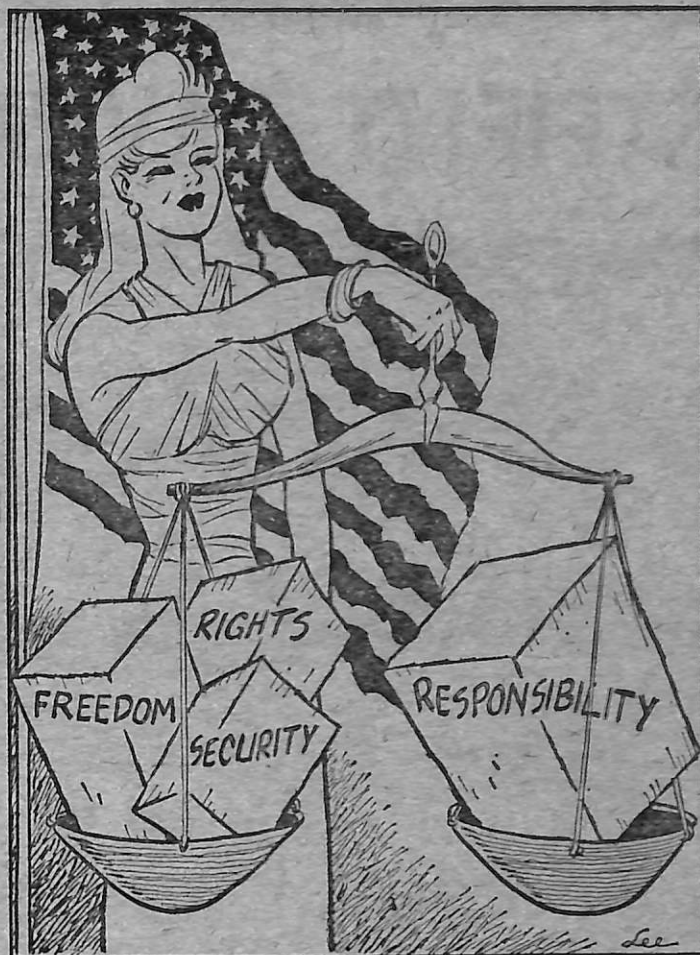

sputter,
Our daily bread and a bit of butter,
Give us health our keep to make
And a bit to spare for other's sake
Give us, too, a bit of song,
And a tale and a book to help us along,
Give us, Lord, a chance to be
Our goodly best for ourselves and others
Till all men learn to live as brothers...
(an old English prayer)

HOUSEHOLD TIPS

When hand sewing, stick a pencil eraser in the hole in the spool of thread to put needle when not in use, and it won't get lost.

July 21, 1779 — George Washington established headquarters at West Point, New York.

THEY BALANCE

Independence Day—1968

In the midst of turmoil throughout the world, we should reflect on the fact that—that which had its beginning 192 years ago, still endures, making the United States one of the oldest continuing forms of government on the face of the earth.

The Declaration of Independence statement that "a decent respect to the opinions of mankind" has been and is uniquely suited to the needs of all.

That freedom which had its start at Independence Hall in Philadelphia continues to be our responsibility as heirs to the principles of this Declaration.

We must continue to support honest law enforcement without any personal privileges or exceptions. If we demand free speech we must not suppress it in others. If we wish our savings and property to be free from seizure, destruction or theft, we must zealously protect and secure these rights for every citizen.

As Herbert V. Prochnow, former president, First National Bank of Chicago said, "If you demand that the government of the people, by the people and for the people, you must exercise your right of franchise at the ballot box. If you demand that the government give you complete economic security, you must not forget that a nation's greatest strength comes when each person to the best of his ability stands on his own feet and courageously seeks to discharge his responsibilities."

Freedom is everyone's responsibility. And it isn't free.

How To Learn Foreign Language

New York

Learning to speak a foreign language well depends a good deal on how you listen to the sounds of the language, says Leonard M. Tompakov, Pace College professor of foreign languages.

In Vietnamese, for example, a single sound word like NAM may mean south, nails, barren, hear, five, to hold a fistful of material, or to lie down.

The meaning is determined by the pitch of your voice.

Motorcycle drivers and motor vehicle drivers must learn to share the road. Each has a responsibility to protect the other.

Canada this time of year is beautiful with the various shades of greens blanketing its forests and the rolling green hills dotted with white sheep, black and white cows feeding together. Every now and then you spot a patch of brown on a distant hill which is either a cow or horse. For the camper and fishermen Canada is truly a paradise.

Bob Jacobs, Springfield reknown fishermen, Floyd Scott, All America Skeet Shooter from Wilbraham, Roger Southwick, town official of Somers, Conn., and this writer made plans for a trip to St. Jean, a lake in Quebec, Canada, that is noted for its Ouananiche (landlock salmon) fishing. We had made arrangements with Mrs. Langevin, proprietor of Camp Peribonka, a camp grounds located on a point of land right on the lake. We did not camp however, a cottage was available for the week we plan-

ned on so we rented it. Bob and I left Friday night and drove all night to reach the lake by nine in the morning. Floyd and Roger left Thursday morning and actually put in a day of fishing before we arrived. Bob and I had been to the lake previously and so had Floyd, but Roger was in for many a pleasant surprise. We had caught salmon two years in a row, but this year proved to be far superior in the number of salmon caught and the size of the fish. We were actually two weeks later in fishing and the larger fish were in the area feeding on the millions of bait fish in shallow waters of the lake.

I landed two salmon on the black Cardinale fly and two on the red. However, the Silver Minnow fly proved to be the fish getter. We caught salmon, wall-eyes, northerns and dace on it. The flies did not last long for we lost them to northerns whose teeth cut the leaders and twice salmon broke the 8 lb. leaders by falling down on it after jumping in the air. Practically every salmon jumped from 6 to 9 times before being netted, and many of them never reached the net. Floyd Scott and I had on ten salmon one afternoon and only boated three. The most comical incident occurred one morning when I had a salmon on two rods at the same time. I sat there with a pole in each hand while the salmon on the other end went through their acrobatic gyrations. Finally Bob was able to take over one of the rods. Then the fun began...we switched rods three times because the salmon kept crossing lines

near the boat. I succeeded in keeping my fish near the front of the boat and Bob attempted to net him. Just as Bob put the net into the water, the fish decided he didn't like the area and headed for the middle of the lake. Bob had him snubbed to short and the fish broke the leader and left jumping two to three times with the fly hanging out of his mouth. We teamed up and boated my salmon. It weighed 3 1/2 lbs. and measured 23 inches...real quality.

Roger and Floyd boated many salmon and lost twice as many more. I must be honest and say the old mainstay, the fluorescent Mooselock Wobbler, which we so fondly nicknamed "Big Red," was the steady producer of salmon during the week.

We returned to the States with 24 large salmon, and the majority of them will go towards the annual fish fry in September at the Salem Croft Inn, Brookfield.

The accommodations at Camp Peribonka are superb. There is hot and cold running water, showers, toilet facilities and plenty of fire wood for the night-ly fire campers that enjoy so much. Mrs. Langevin and her staff just can't do enough for the people. The sandy beach is beautiful. A very fine sand and the water is shallow for quite a distance into the lake so that you will not have to worry too much about the children getting into deep water.

I strongly recommend Camp Peribonka to the camping bugs. Mrs. Langevin can be reached by dropping her a line to 20 Cypress St., Dolbeau, Quebec, Canada, Tel. 276-1504.

The Ouananiche fishing is available right through the summer to September when the fishing season for the wily salmon ends. It is spawning time and the Canadian Government protects the fish while they are on their beds.

Bob and I are looking forward to another trip next June and are making plans already.

Inflate a Chair

Newest interior decorating fad is inflatable furniture. Vinyl-platic chairs, sofas and hassocks are blown up like balloons with a vacuum cleaner hose or bicycle pump.

Manufacturers say they're comfortable and sturdy, less expensive than conventional furniture, and can be moved with a fingertip touch.

DON'T LET THE FOURTH OF JULY BE THE LAST OF YOU!

"Still the slaughter goes on! Each year hundreds of lives are crushed out on Massachusetts highways during the great national holiday weekend of July Fourth," Registrar Richard E. McLaughlin said today. "This 102-hour holiday period will be no exception unless each driver accepts his personal responsibility for life and death on the highway."

"It seems to me that a public which abhors killings would not permit this needless loss of life in automobile accidents to continue," McLaughlin said, "yet apathy and, all too often, alcohol ride behind the wheel. Each driver thinks, 'It won't happen to me' instead of thinking, 'There, but for the grace of God go I.'"

"How can we have a safe holiday? Adopt a share-the-road attitude; stay sober if you are driving; practice courtesy and common sense behind the wheel; wear seat belts at all times, and keep your mind on your driving. Obey the law. If you must celebrate by drinking, stay off the highways. Don't let the Fourth of July be the last of you."

V.F.W. Post 1632 and Auxiliary Bulletin

By ANNA D. BISSONNETTE

Are You An Active Member?

Are you an active member
The kind that would be missed?
Or are you contented,
That your name is on the list?
DO YOU attend the meetings
And mingle with the flock?
Or do you stay at home
And criticize and knock?
Do you take an active part,
TO help the WORK along,
Or are satisfied to be
THE KIND WHO JUST BE-
LONGS?
Do you ever work on a committee,
To see there is no trick,
Or leave the work to just a few,
AND TALK about the clique?
Do you come to the meetings often
And help with hand and heart?
DON'T BE JUST A MEMBER!!
But take an active part.

Think this over Brother,
YOU KNOW THE RIGHT
AND WRONG.

Are you an active member,
OR do YOU JUST belong?
Join the V.F.W. and it's Aux-
iliary NOW...

AN ADJUTANT'S JOB

It's not his place to
Run the train,
The whistle he can't blow;
It's not his place to
Say how far.

The Train's allowed to go;
It's not his place to shoot off
steam,

Nor even clang the bell;
But let the damn thing,
Jump the track
AND see who catches h-l-l...

A.D.B.

Now is the time to look ahead
into the Veteran's of Foreign
Wars and Auxiliary year and
visualize the accomplishments of
our goals for 1968-69, the recruit-

ment of volunteers and the devel-
opment of our pavilion and post
home. The V.F.W. and Auxiliary
under the leadership of Comman-
der Edward Harpin and Presi-
dent Emily Dias has many bright
and new ideas to further the pro-
grams which we carry on all
through the year. "The need is
MEMBERS AND VOLUN-
TEERS NOW" they said, and not
be like "THE MAN IN THE
GLASS."

When you get what you want in
your struggle for self,
And the world makes you king
for a day,
Just go to the mirror and look at
yourself—
And see what that man (woman)
has to say...

For it isn't your father, or moth-
er, or wife,
Whose judgement upon you must
pass;
The fellow whose judgement
counts most in life
IS THE ONE STARING BACK
FROM THE GLASS.

You may be like Jack Horner and
chisel a plum,
And think you're a wonderful
guy,
But the man in the glass says
you're only a bum,
If you can't look him straight in
the eye.

He's the fellow to please, never
mind all the rest,
For he's with you clear up to the
end,
And you pass the most difficult,
dangerous task,
If the man (woman) in the glass
is your friend.

You may follow the whole world
down the pathway of years,
And get pats on the back as you
pass,
BUT your final reward will be
heartaches and tears,
IF YOU'VE cheated the man in
the glass.

HAVE WE ALL TAKEN A
GOOD LOOK AT OURSELVES
LATELY? ARE WE DOING
ALL WE CAN?

STORROWTON THEATRE

WEST SPRINGFIELD, Mass.
—Alan King, one of America's
leading comedians, will be fea-
tured in a single performance at
Storrowton Theatre Sunday eve-
ning, July 7, at 8:30. King has
made a success of his career by
using his great capacity of mix-
ing varied complexities of life
that face us daily and using the
incidents in his theatrical rou-
tines.

From his beginnings as a co-
median in small clubs and resorts
he has risen to the position of an
international star who has elicited
lengthy laughter from Euro-
pean royalty to the average citi-
zen of both continents. He re-
places audiences with stories of
"everyman" against airlines, in-
surance hawkers, momism, the
American Medical Association,
and of course the "better half."

As a special tribute to "The
Grand Music Hall of Israel,"
which will appear at Storrowton
Theatre July 1-6, there will be a
fireworks' display during inter-
mission Wednesday evening, July
3. The travelling Israeli company
will have an opportunity to see
a typical United States Fourth of
July fireworks' display from the
grounds of the Eastern States
Exposition.

Preventable accidents are the
most common single cause of
death to children. The very young
must be protected by their par-
ents. Supervise their outdoor
play — you may prevent them
from an automobile accident.

subway system increased its fare
